

## YingHua Day School – Open School Night 6/23/2007

Professional development for current and prospective teachers came before the orientation for parents and students.

A wonderland waiting to be discovered.

Kids enjoyed a game inside the enchanting kiosk, one of the most popular spots in the classroom.

In the classroom bathed in the afternoon sunlight, parents, kids and teachers were busy with fun family projects.

Parents and kids lined up for the “two people three feet” game, which brought the night to climax.

Liu Laoshi awarded shiny stickers to eagerly awaiting kids after the game.
